

Committee Confirmations

Campus Committees

All interested faculty are asked to answer the following questions. Their answers are included below their names.

1) For those who don't know you, what experiences, training, backgrounds, identities, etc. make you a good candidate for service on this committee?

2) How do you think diversity matters (including diversity of disciplinary training/expertise, experiences, background, identities, etc.) for the committee to which you are applying?

Total limit for both question is 300 words. (Longer responses will be truncated.)

Part Time Faculty Representative (1 additional needed)

1 Faculty Volunteer

1) **Salvador Guerrero, PT faculty (REP), PSME/Mathematics**

I have been a part time instructor at De Anza since Spring 2015 and have served on various department curriculum and textbook committees during my time here. I am presently one of the PSME reps on Academic Senate since Spring 2022, FA Executive Council since Fall 2022, and IPBT since Winter 2021. I am also a part of the ZTC Task Force.

2) It is important that our Academic Senate have diverse viewpoints and experiences, both personal and professional, that best serve the needs of our faculty and students. With a diversity of background and identities, we are better able to serve our campus as a whole.
