- You can check your grade and look for any missing assignments on **Canvas**, which you can access through MyPortal or by downloading the app.

Textbook: Beginning Algebra Student Workbook, available in the bookstore**Required Materials: (bring to class *daily*)**

- **Pen(s) and pencil(s)**; highlighters, colored pens, etc. are also recommended
- **A stapler**; homework that is not stapled will not be accepted
- **Your homework**; there will be homework due everyday!
- **Your workbook and worksheets**; worksheets will be emailed to you or handed out in class on a regular basis

Student Learning Outcomes

1. Evaluate real-world situations and distinguish between and apply linear and quadratic function models appropriately.
2. Analyze, interpret, and communicate results of linear and quadratic models in a logical manner from four points of view - visual, formula, numerical, and written.
3. Demonstrate an appreciation and awareness of applications in their daily lives.

Attendance: Regular, punctual attendance at all class meetings is expected of each student. Students absent during the first 2 weeks of class will be dropped unless they contact the instructor. Each tardy of more than 5 minutes will count as half an absence. **A student may be dropped from the class if absent the equivalent of 5 times, no matter what the reason(s).**

Homework: Homework will be assigned **every day** and is due at the **beginning of the next class period**. Homework will be worth 1 point per page. Do not fall behind! Complete all homework assignments and ask questions. Credit will not be given for answers only, so show all your work. Your overall homework grade will be out of 150 points. Since there will be more than 150 pages of homework assigned over the quarter, you will have an opportunity to earn extra credit by doing all your homework.

Quizzes: Quizzes are indicated on the calendar and are worth 10 points each. In general, quizzes will be every other day and will be closed-book. **Missed quizzes cannot be made up for any reason.** At the end of the quarter, your lowest quiz grade will be dropped.

Group work: In-class activities and group work will be assigned daily and are to be worked on during class time **before you begin your homework**. Each week of activities is worth 5 points, except for weeks with a holiday or exam, which will be worth 3 points. You do not have to finish incomplete in-class activities outside of class, but it should be clear from your work that a reasonable effort was put into the activity. You cannot get credit for an in-class activity if you are absent on that day.

Exams: Three closed-book exams will be given worth 100 points each. Exam dates are **Fri., Oct. 20, Tues., Nov. 14** and **Tues., Dec. 5**. **Make-up exams will not be given.**

Final Exam: There will be a 2-hour final exam worth 150 points. This exam is comprehensive. The final exam will be **Mon., Dec. 11 11:30-1:30**. At the end of the quarter, your final exam will replace your lowest exam score, if the final exam score is higher (as a percentage).

Grades will be assigned as follows:

Assignments	Points	Total points	Percent	Grade
Exams (3 @ 100 points)	300	≥ 733	≥ 90	A
Final exam	150	≥ 652	≥ 80	B
Homework	150	≥ 570	≥ 70	C
Quizzes (17 @ 10 points)	170	≥ 489	≥ 60	D
In-class activities	45			

How to get help: Students may receive tutorial assistance from the instructor during office hours. Please come by for help or to talk about your grade. That is what I am there for! Tutors are also available in S-41 (MPS Tutoring Room) and S-43 (Math and Science Tutoring Center). Any student whose grade falls below 75% will be required to attend tutoring.

Other:

- If you have any questions regarding your grade on any assignment, you must discuss the matter with me before leaving the room with the graded material. Once the graded material has left the classroom, no grading changes will be made.
- Cell phones and other devices should be turned off or set to **silent** during class. If I see it or hear it, I may take it until the end of class.
- Disruptive talking and other interruptions during class will not be tolerated.

Academic Integrity: Academic dishonesty will not be tolerated. If a student is found cheating and/or copying on any assignment or violating any other code of academic integrity, he or she will receive a 0 on the assignment and may receive failing grade for the course and/or be reported to the college. Anyone caught cheating on a test or quiz will receive an automatic 0 and be reported to the Dean of the PSME Division. Those caught twice will be expelled from the class with an F.

Disability Statement: De Anza College makes reasonable accommodations for people with documented disabilities. Please notify Disability Support Services (DSS) if you have any physical, psychological or other disabilities, vision, hearing impairments or ADD/ADHD. DSS is located in the Registration and Student Services Building, RSS Room 141. Phone number: 408-864-8753. Website: <http://www.deanza.edu/dss/>.
