Textbook and Required Materials

Intermediate Algebra Student Workbook found in bookstore by D. Bambhania

graphing calculator: TI-83 or TI-84 (Plus and Silver versions are fine.)

computer or tablet: for completing online assignments. You may use a computer at home or in one of the computer labs on campus, but doing homework on your smart phone is not recommended.

Student Learning Outcomes

1. Evaluate real-world situations and distinguish between and apply exponential, logarithmic, rational and discrete function models appropriately.

2. Analyze, interpret and communicate results of exponential, logarithmic, rational and discrete models in a logical manner from four points of view visual, formula, numerical, and written.

Attendance

Regular, punctual attendance at all class meetings is expected of each student. Students absent during the first 2 weeks of class will be dropped unless they contact the instructor. Each tardy of more than 5 minutes will count as half an absence, as will leaving class more than 5 minutes early without instructor approval. A student may be dropped from the class if absent the equivalent of 4 times, no matter what the reason(s).

Written homework

Homework will be assigned almost every day and is due at the beginning of the next class period. Each assignment is worth 3 points. Complete all homework assignments and ask questions. Credit will not be given for answers only, so show all your work. Late HW is not accepted, though I will give you two free HW's (6 pts).

Online homework

Online homework will be assigned weekly and is due before the start on class on Mondays. Each assignment will cover 1-2 chapters and is worth 5 points. You are encouraged to work on your online homework every day and not wait until the weekend to do all of the problems.

Quizzes

Quizzes are indicated on the calendar and are worth 10 points each. Missed quizzes cannot be made up for any reason. At the end of the quarter, your lowest quiz score will be dropped.

Mini-projects

There will be 5 mini-projects assigned. These are to be worked on in class and completed outside of class if necessary. Each mini-project is worth 5 points.

Exams

Three exams will be given worth 100 points each. Exam dates are on the calendar. No make-up exams will be given for any reason. All exams are closed book and closed notes unless otherwise stated.

Final Exam

There will be a 2-hour final exam worth 150 points. The exam is comprehensive. The final exam time is on the calendar. At the end of the quarter, your final exam will replace your lowest exam score, if the final exam score is higher (as a percentage).

How to get help

Students may receive tutorial assistance from me after class MWF in S41. Please come by for help or to talk about your grade. That is what I am there for! Tutors are also available in S-41 and S-43. Students are strongly encouraged to make use of the tutorial help to succeed in this class. Any student whose grade falls below 75% will be required to attend tutoring.

Other

- Cell phones and other devices should be turned off or set to silent during class. Your phone is not your calculator. If I see it or hear it, it may be confiscated until the end of class.
- Disruptive talking and other interruptions during class will not be tolerated.
- Academic Integrity
Academic dishonesty will not be tolerated. If a student is found cheating and/or copying on any assignment, test or quiz or violating any other code of academic integrity, he or she will receive a 0 on the assignment and may receive failing grade for the course and/or be reported to the Dean of

the PSME Division. Those caught twice will be expelled from the class with an F.
