

---

**Instructor:** Neelam R. Shukla

**Email:** Shukla.neelam@fhda.edu

**Class Hours:** Tue,Thur 6:30 pm 8:45 pm in room E 36

**Office Hours:** Tues,Thur 2:45 pm-3:45pm. in E 37.

**Textbook:** Intermediate Algebra for College Students, 7th Ed. by Blitzer. We will plan on covering Chapters 1–5 and 7–8 in the textbook. **(Anyone who want to use any older edition must do homework from the book I am using in class, either you note down question from my book or from library.)**

**Grading:** • Homework: Homework will be assigned on paper. I will collect all of your homework and grade each assignment. However, on exam days you need to bring all of your home works with you to class. Before you take the exam. I will not accept late home works. I will be primarily grading the homework on effort and to give you feedback.

• **Tests:** There will be a total of 5 exams and 1 final exam. I do not give make up exams, unless you provide me with documentation. For example, if you had to visit the emergency room, then I will ask for a doctor's note. If you miss an exam without a valid reason, then you will receive a zero for that exam. In the even this occurs, you will be permitted to replace the zero you received on one midterm exam by your next midterm (or final exam in the event you miss the third midterm) grade on a percentage equivalent basis. You can use scientific calculator for the exams. You are not allowed to use a graphing calculator. The final exam will be cumulative.

**Dates for Exams and quizzes:** Exam 1: 18<sup>th</sup> Jan

Exam 2: 30<sup>th</sup> Jan

Exam 3: 15<sup>th</sup> Feb

Exam 4: 6<sup>th</sup> March

Exam 5: 20<sup>th</sup> March (leave 1 exam with least score)

**Please check all the notification about quizzes and exams and Home-work on Canvas assignments or Modules and your scores will be updated on canvas gradebook after every assignment.**

**Final Exam: Thursday 6pm to 8pm**

Home Work 10% (leave one lowest scores)

Calculation for Final score: (Sum of Best four exam score 45%) + 10% Home Work+ Project 5% + Final Exam 25% + Quizzes 15%( Leave one least score)

- Grade Breakdown: 90-93 % A-, 94–100% = A, 80-83 B-, 84–86% = B, 87-89 B+ 70–75% = C. 76-80% C+, 60-69% D. below 60% = F.

**Prerequisites:** Completion of Math 210 with a grade of C, or equivalent; qualifying score on Placement Test. You should have solid arithmetic skills and be able to solve linear equations.

**Free Tutoring:** The Math Tutoring Center in Room S43 offers free tutoring on Mondays, Thursdays from 9:00A.M.-5:30P.M. I strongly encourage you to utilize this resource. More information can be found here: <http://www.deanza.edu/studentssuccess/mstrc/>

**Supplemental Resources:** I encourage you to poke around the library and web to see what other supplemental resources exist. One great resource is the following link:  
<http://tutorial.math.lamar.edu/Classes/Alg/Alg.aspx>

**Disability Support Services:** If you need to contact the Disability Support Services, then please contact them as soon as possible. More information can be found here: <https://www.deanza.edu/dss/>

**Academic Integrity:** This is pretty straightforward: Do not cheat on quizzes, exams, or directly copy other student's work. It is not worth getting caught and suffering the consequences. For more information about De Anza College's policy on academic integrity:  
<https://www.deanza.edu/studenthandbook/academic-integrity.html>

**Policies for This Class:** These policies are part of the syllabus and will be strictly enforced. By enrolling in this course, you as the student agree to accept these policies and follow them and agree that the instructor reserves the right to drop a student from the course with a W if any of the policies are violated. Further action may also be taken against a student who violates specific policies, such as the policy on cheating.

- **Cell phone use (talking on your phone, texting, etc.) during lecture is not allowed.** This is considered to be rude behavior and tells me that you are not paying attention in class. If you are using your phone, then you will be warned once to stop. If it happens again, then you may be asked to leave the class and you will not be allowed back into the class until you emailed the instructor or talked to him before the next class meeting.

- Talking during class is also not allowed. This is also considered to be rude behavior, and it is distracting to the professor. If you are being disruptive and talking to another student during class, then I reserve the right to move you to the front of the classroom or I may ask you to leave the class and you will not be allowed back until the class until you have emailed the instructor.

**If you have an emergency and need to use your cell phone, then you are free to excuse yourself from class to deal with the situation.**

\*\*\* Every day quiz is in first 10 min .I will not allow any student coming late to give quiz.

- **Tests are usually given at the end of class and must be completed by the time ends.** You will receive a two minute warning before your time is fully up. When time is over, you must put down your writing utensil and stop writing immediately.. Also, **during exams everything must be off of your desk and either in your backpack (or under your seat if you do not have a backpack).**

9,11 Jan	1.1,1.2,1.3,1.4 Quiz 1	
16,18 Jan	1.5,1.6, review, Exam 1,2.1	Exam 1 (Thursday ) From chapter1
23,25 Jan	2.2, 2.3, 2.4,2.5 Quiz 2	
30 Jan 1 Feb	Review, Exam 2 ,3.1,3.2	Exam 2 (Tuesday) chapter 2
6,8 Feb	4.1, 4.4 Quiz 3	
13,15 Feb	Chapter 4,review Exam 3	Exam 3 (Thursday)
20, 22 Feb	5.1,5.2,5.3,5.4,review	
27 Feb , 1 March	5.5,5.6,5.7,review Quiz 4	
6, 8 March	Exam 4 ,7.1,7.2,7.7	Exam 4 (Tuesday) chapter 5
13,15 March	Quiz 5 8.1,8.2,8.3	.....
20,22 March	Exam 5 review for final	Exam 5 (Tuesday) Chapter 7,8
29 March Thursday	Final Exam week	<b>Final Exam:6 pm to 8 pm</b>

**IMPORTANT DATES: Monday, Jan. 8** :: First day of Winter Quarter 2018.

**Saturday, Jan. 20** :: Last day to add quarter-length classes. *Add date is enforced.*

**Sunday, Jan. 21** :: Last day to drop for a full refund or credit (quarter-length classes). *Drop date is enforced.*

**Sunday, Jan. 21** :: Last day to drop a class with no record of grade. *Drop date is enforced.*

**Friday, Feb. 2** :: Last day to request pass/no pass grade. *Request date is enforced.*

**Friday, March 2** :: Last day to drop with a "W." *Withdraw date is enforced.*

**Monday, Jan. 15** :: Holiday: Observance of Martin Luther King's Birthday

**Friday-Monday, Feb. 16-19** :: Holiday: Presidents' Day Weekend (no classes)

**March 26-30**:: Final Exams

**Student Learning Outcome(s):**

\*Evaluate real-world situations and distinguish between and apply linear and quadratic function models appropriately.

\*Analyze, interpret, and communicate results of linear and quadratic models in a logical manner from four points of view - visual, formula, numerical, and written.

\*Demonstrate an appreciation and awareness of applications in their daily lives.
