

COLLEGE COUNCIL COMMITTEE

MEASURE G UPDATE

June 18, 2026

De Anza College Campus

FOOTHILL-DE ANZA
COMMUNITY COLLEGE DISTRICT

MEASURE G

Recently Completed Project Highlights

Recent Completed Bond Projects

- Upgrade L1 Flat Roof + E3, S4, and S5 Flat Roofs
 - Extends building life and protects campus assets
 - Improves energy efficiency and building performance
- Convert Existing Facility to Beach Volleyball
 - Expands athletic programming and student engagement
 - Enables competitive events and recruitment potential
 - Enhances student life
- Demolition of the Flint Center, Utilities, Assoc Work
 - Future Development
 - Eliminated safety concern

MEASURE G

Highlighted Projects in Construction

Measure G

Upgrade S3, S7, and Seminar Flat Roofs

Photos of Existing Areas

Project Description: This project replaces aging roofs, upgrades façade, improves access and lighting, repairs trellis

Status: Construction Phase

Project Team:

Project Manager: Tom Herrington

Designer: BEAM Professionals

Contractor: Beals Martin

Project Schedule:

Target Construction Completion: by Fall Semester

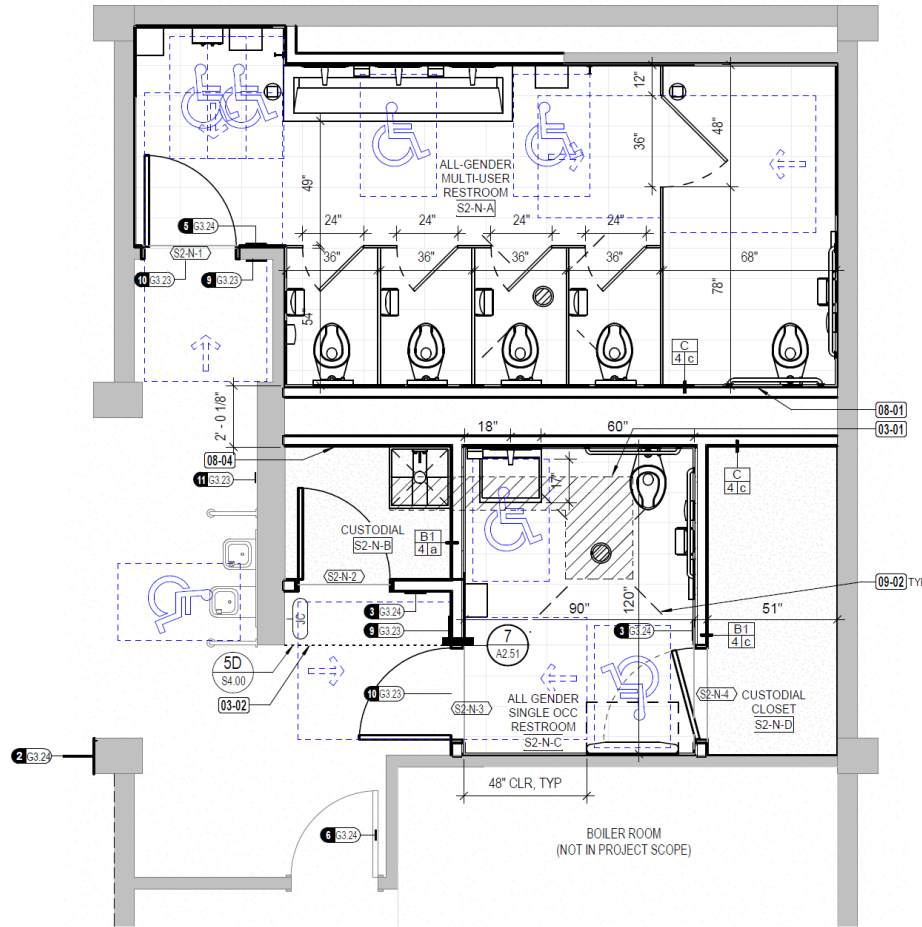

Impact: Protects campus assets

Project Budget : \$2,508,283

Measure G

Renovate Restrooms in S2, S6 & L5

2 S2 NORTH- FLOOR PLAN (NEW)
A2 02 3/8" = 1'-0"

Project Description: The project includes the complete upgrade to gender -neutral design in six single and six multi -stall restrooms in three campus buildings across the De Anza Campus.

Status:
Construction Phase

Project Team:
Project Manager: Gilbane Building Co.
Designer: Noll & Tam Architects
Contractor: Giant Construction

Project Schedule:
Target Construction Completion: by Fall Semester

Impact: Enhances student experience, supports equity and accessibility, and brings aged facilities up to modern standards

Project Budget: \$4,449,346

Measure G

Renovate Restrooms in S2, S6 & L5

Upgrade Stadium and Track Visual Display

Project Description: The project included updating the Stadium/Track scoreboard to a Visual Display Board

Project Team:

Project Manager: Tom Herrington

Designer: ABA

Contractor: Guerra Construction

Status: Construction Phase

Project Schedule:

Target Construction Completion: Summer 2026

Impact: Improves event experience

Project Budget: \$630,622

MEASURE G

Highlighted Projects in Design

Measure G

Upgrade Fire Alarm System

Project Description:

The Upgrade Fire Alarm System project will upgrade the fire alarm system to the latest technology and improve communications and notifications. The work will be throughout the De Anza College campus.

Status:

Design Phase

Project Team:

Project Manager: Tom Herrington

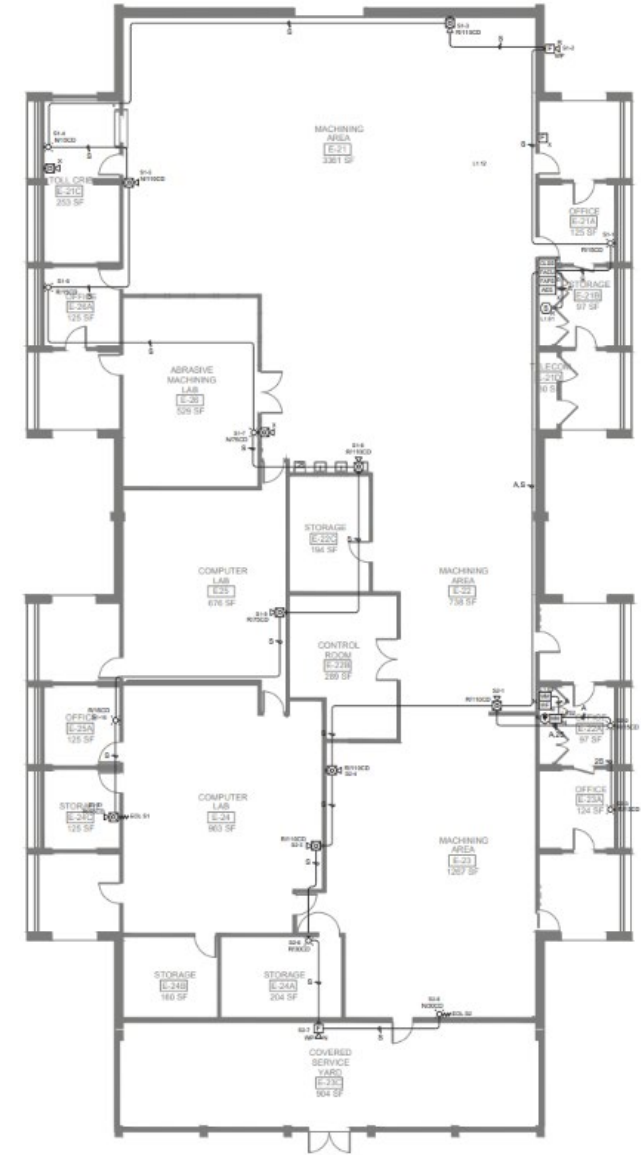

Designer: Jensen Hughes Associates

Project Schedule:

Target Construction Start: Summer 2027

Impact: Enhances life safety for student, faculty, and staff. Improves emergency communication reliability. Reduces risk of system failures .

Project Budget: \$4,849,755

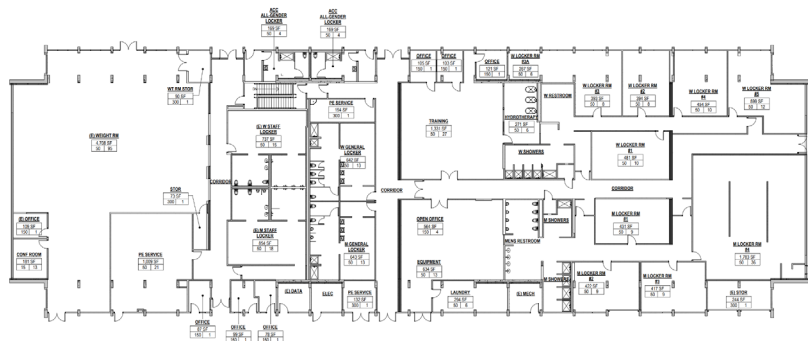

1 FIRE ALARM FLOOR PLAN
1/8" = 1'-0"

Measure G

Physical Education Complex Renovation

Schematic Design Floor Plan Example

Project Description: The Physical Education Complex renovation will include improvements and modernization to enhance the student learning environment and improve student success for Physical Education programs. The project includes voluntary seismic upgrades, HVAC and system upgrades, and façade/roof upgrades.

Status: Design Phase

Project Team:

Design Manager: Gilbane Building Co.

Designer: tBP Architects

Project Schedule:

Target Construction Start: Fall 2027

Impact: Modernizes aging facilities. Improves student success. Addresses seismic safety, building systems, and energy efficiency. Extends useful life of a high -demand campus complex .

Project Budget: \$53,502,629 (Multi -funded)

Measure G

Physical Education Swing Space

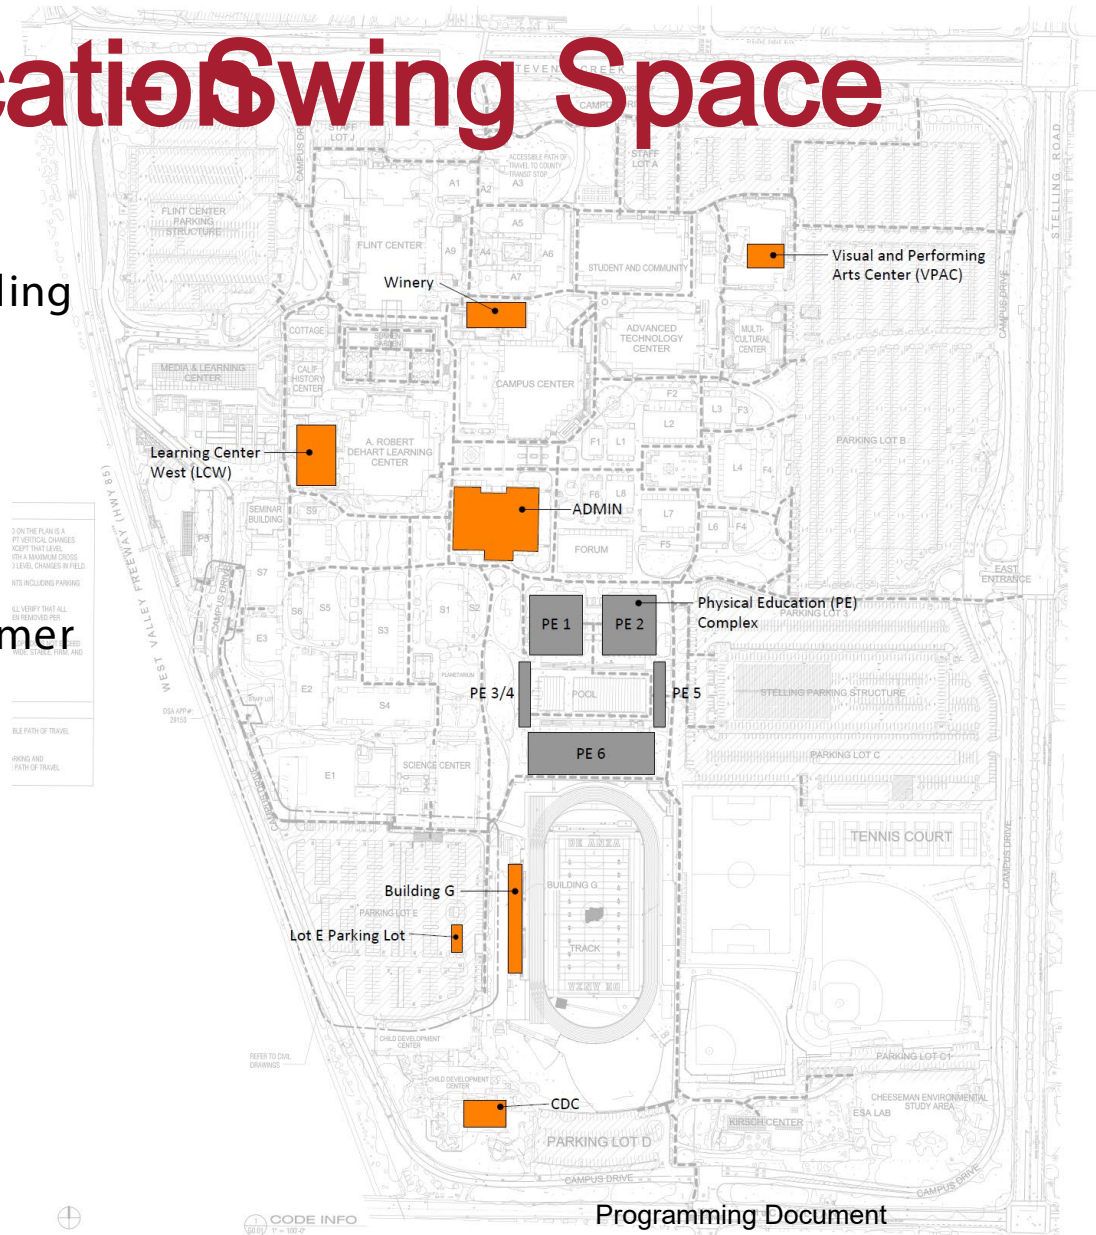

Project Description: Temporary relocation of PE Complex. Enabling project for PE Renovation.

Status:
Design Procurement

Project Schedule:
Target Construction Start: Summer 2027

Impact: Ensures continuity of instruction and programs during major construction. Minimizes disruption to programs.

Project Budget: \$ 1,376,700

Legend:
Vacated Buildings
Potential Buildings for Swing Space

Measure G

New Creative Arts Building

Initial Schematic Design Renderings

Project Description: The new Creative Arts building will be home to an array of creative arts programs with workspaces, classroom, and offices for Photography, Visual Arts & Design, and Art History. The project will replace the A8 Plant building along with associated work.

Status:
Design Phase

Design Build Team:
Swinerton/DLR Group

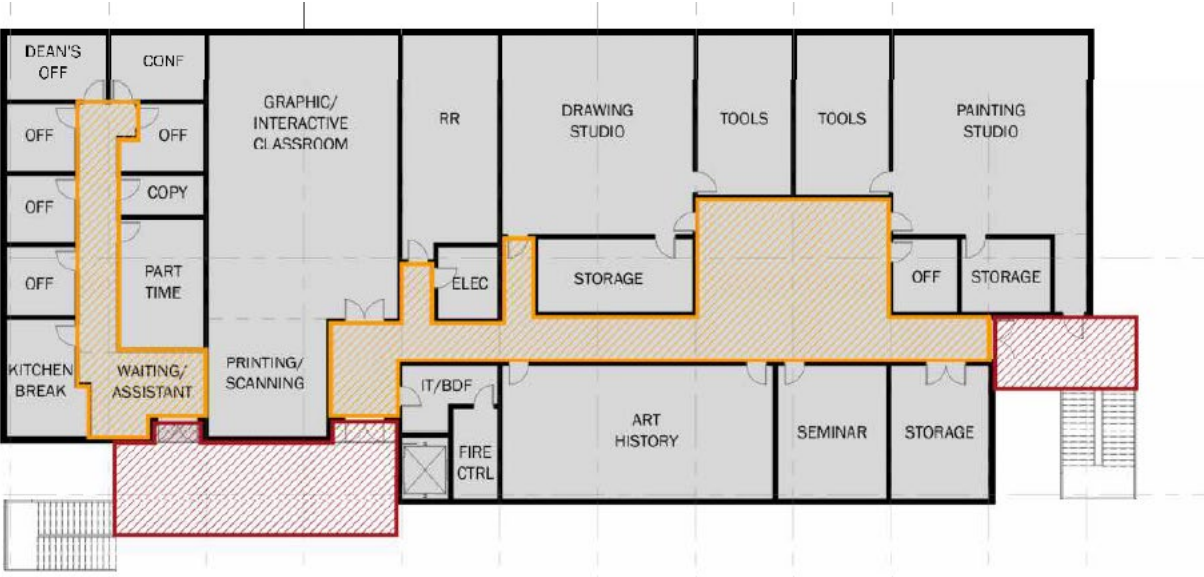

Impacts: Improves quality of arts program. Provides modern, purpose built spaces for teaching, collaboration, also creativity. Supports evolving curriculum in arts. Advances sustainability goals through infrastructure modernization. Positions the campus for student recruitment and program growth.

Project Budget: \$44,332,887

New Creative Arts Building

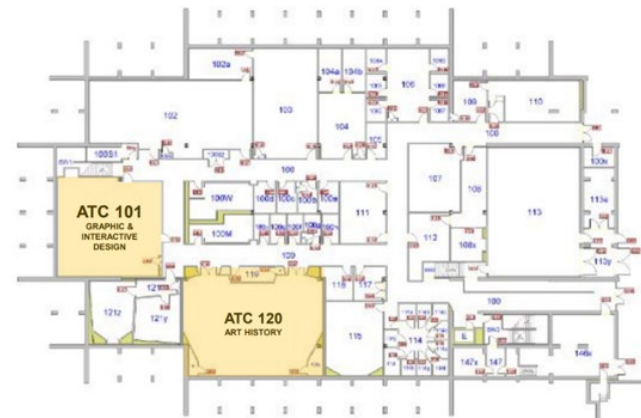

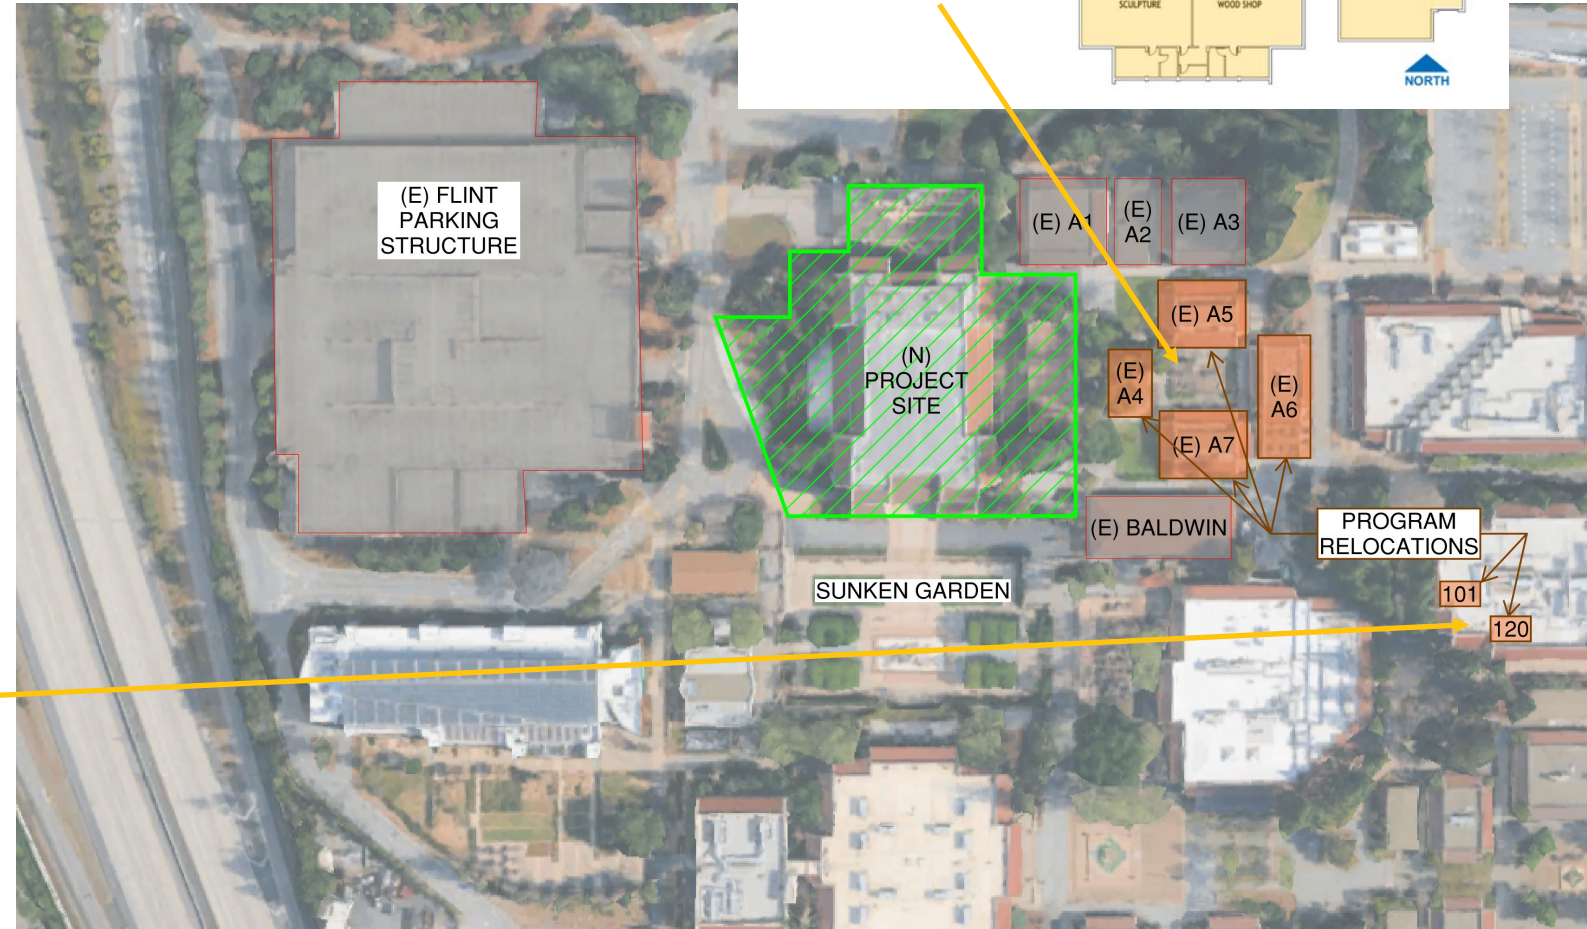

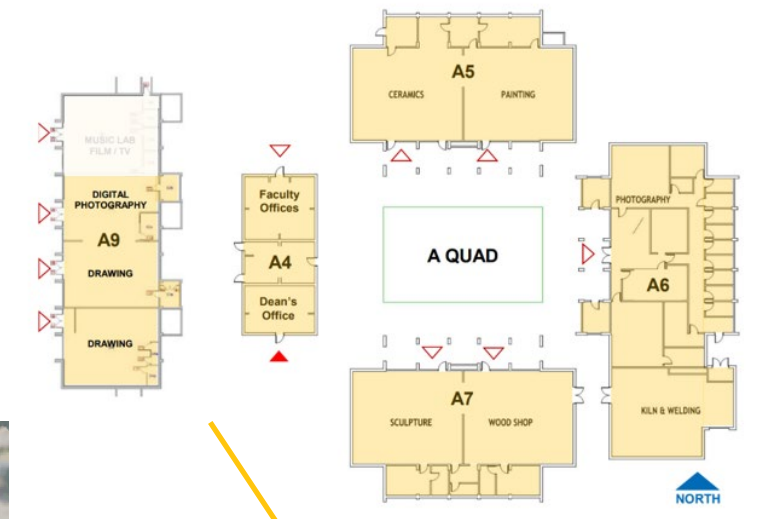

Initial Schematic Design Floor Plans – Currently being updated

Measure G

New Creative Arts Building

Measure G

New Creative Arts Building

Completed Milestones:

- ✓ Focus Sessions
- ✓ Programming Meeting and Tours of Spaces
- ✓ Initial Schematic Design
- ✓ Owner Due Diligence Reports (ie Geotechnical Reports, etc)
- ✓ DSA Preapplication Meeting & Initial CGS Submittal
- ✓ Initial Schematic Design

Upcoming Milestones:

- Updated Schematic Design Review Meetings: Monday, June 22, 2026
- Design Development: Target Summer 2026
- Construction Documents: Target Fall 2026
- DSA Review Start: Target Winter 2026
- Construction Start: Target Summer 2027

THANK YOU!
